TECHNOLOGY LENDING @ THE FINE ARTS LIBRARY				
Clone content				
The technology lending program provides access to the technologies, but not necessarily instruction on how to use them. Library personnel can provide only limited support for these tools. Users are encouraged to review online tutorials, linked below, for detailed operating information. Please review our Technology Lending Policy prior to requesting access.				
CAMERAS AND ACCESSORIES				
GOPro Hero HERO makes it easy to capture and share your world. Featuring high-quality 1080p30 and 720p60 video, HERO captures the same immersive footage that's made GoPro one of the best-selling camerase in the world. User-friendly modes include QuikCapture, which letes you power on the camera and start recording with the press of a single button, and Burst Photo, which captures fast- action sequences at up to 5 frames per second. This equipment can be checked out for four hours.				
Canon Rebel Perfect for first-time SLR users, the EOS Rebel T5 makes it easy to capture movies and photos that are nothing short of dazzling. It features a powerful 18.0 Megapixel CMOS (APS-C) image sensor and Canon's DIGIC 4 Image Processor for easy recording of HD video and high-resolution photos and has a huge 3.0-inch LCD screen for Live View recording and review. This equipment can be checked out for one day.				
First Generation Lytro Light Field Camera Unlike traditional or stereo cameras, a Light Field camera allows light to be captured from multiple vantage points, left to right, top to bottom, and all points in-between. The Light Field, with the rays' color, intensity and angular directions are captured to produce images with both color and depth, which can be calculated through the intersection of rays of light in the scene. This equipment can be checked out for four hours.				

What you see next should be familiar. Proceed to make your edits.
