John Hurtig Architectural Drawings**

Hurtig, John. Architectural drawings, 1953-1983. 11 cubic feet.
Architect. Drawings and paintings (1953-1983) created by architect John Hurtig primarily during his years as a student of Bruce Goff at the University of Oklahoma during the 1950s. The works are primarily architectural in nature. Some works are on art boards, others are on loose sheets of paper, and one framed diptych is in the collection.

Collection Series

Series 1: Drawings and Paintings, 1953-1983

This series contains the drawings and paintings of John Hurtig that were mainly created during the 1950s while he was a student of Bruce Goff at the University of Oklahoma. The works are primarily architectural in nature. Some works are on art boards, others are on loose sheets of paper, and one framed diptych is in the collection. Arrangement is chronological, and works are divided into containers by size and weight of material type.
